

# LEGIÃO

A Era da Desolação

Explore Kadur, a war-tarnished land that has just emerged from a long, dark age and is amidst insurgence battles and revolutionary conflicts over its decaying remains. Major legions fight countless battles for power, backed by big churches, mighty figures and ancient powers.

## Rise from the ashes of a torn and ravaged world in this multisetting dark fantasy scenario.

Legião is the main campaign scenario for Old Dragon, presenting a vast and lively world, full of possibilities for brave adventurers. It's designed to be **fully adaptable to any d20 RPG system**, setting a rich and intricate structure for a dark fantasy supplement.

Legião basic book is practical, portable and price-accessible, but still maintains its quality and detail density, while the **Box set** offers a more complete and engaging experience by also providing immersive and helpful material, such as a double-sided poster map, an ingenious transparency ruler sheet for distance measurement, quick consult cards, and coin tokens and board to play Corsair – the most popular gambling game in Kadur.
