**CLASSIFICATION:** Pulp sci-fi RPG

Space Dragon is a pulp sci-fi and space fantasy RPG, 100% compatible with Old Dragon, where players can control cosmonauts, geneticaly enhanced scientists, space thieves and droids with psychic powers in retro space adventures.

Based on the classic fantasy rules from the Old Dragon RPG system, Space Dragon takes you aboard spaceships on exploration and combat missions across the galaxy, brings you baffling science achievements, high-end technologic apparatus and dozens of alien races ready to be blasted into goo.

Space Dragon is marketed both as a book that gives you everything that's needed to start playing or to create your own adventures, and as a box set with exclusive beginner's content such as an introductory adventure, a quick guide on character building, a poster map, a game master's shield and an acceptance letter and ID. card from the Galactic Federation.
